SUMMARY

I am a dedicated Full-Stack Developer passionate about crafting impactful solutions with the MERN stack. An eager learner and collaborative problem-solver, I aim to contribute to innovative projects that enhance user experiences and drive success.

SKILLS

HTML5	Tailwind CSS	MongoDB	MySQL
CSS3	jQuery	Express.js	Redux
Bootstrap	JavaScript	React.js	Gsap (Basics)
Sass	TypeScript	Node.js	Git & Github

EDUCATION

Tecnia Institute of Advanced Studies ▪ Delhi

Bachelor of Computer Applications (BCA)

Currently Pursuing, 6th Semester, Expected Completion: Jan 2025

PROJECTS

Restify

Proficient in utilizing technologies including HTML, CSS, JavaScript, Bootstrap, EJS, Mongoose, Express.js, Mapbox, Node.js, and RESTful API. Designed and developed a responsive platform inspired by Airbnb for listing hotels and restaurants, following the MVC architecture.

- Oversaw the management of listings by admins and enabled users to view details, send feedback, and explore locations.
- Implemented features such as login, signup, authentication, and robust client-side and server-side validations to enhance user experience.

TODO

Technologies: HTML, CSS, JavaScript, Axios, React.js, MongoDB, Express.js, Node.js, Formik, Yup, React Cookies

- Developed a full-stack TODO app for adding, editing, deleting, and updating appointments.
- Implemented user authentication with sign-in, registration, and sign-out features.
- Used React for the front-end and Node.js/Express.js for the back-end.
- Integrated MongoDB for data storage and Axios for API calls.
- Applied Formik and Yup for form validation and React Cookies for session management.

ACHIEVEMENTS

- Participated in the ATC camp as part of NCC, gaining leadership and team-building experience.
- Awarded for academic excellence during school, recognized as a top performer.
